GAMBLING

[G_INTRO] One type of entertainment that people can take part in is betting or playing games of chance. That is, where you spend some money to try to win back more than you spent, or to win a big prize. The questions that follow try to get a cross section of people's opinions on that type of entertainment – both from people who do take part and people who don't.

G1 I'll read out the different types of gaming that are available. Include gaming at home and elsewhere. For each type, please tell me whether or not you have done that activity in the last 12 months. In the last 12 months, have you...?"

GAMBLING

[G_INTRO] One type of entertainment that people can take part in is betting or playing games of chance. That is, where you spend some money to try to win back more than you spent, or to win a big prize. The questions that follow try to get a cross section of people's opinions on that type of entertainment – both from people who do take part and people who don't.
